SUMMARY

Junior Software Engineer with a strong foundation in civil engineering and hands-on experience in software development. Proficient in designing and building web applications using RESTful APIs, and agile methodologies. Skilled in Java, Spring Boot, React and PostgreSQL. Experienced in both backend and frontend technologies, with a focus on clean architecture and scalable systems. Fluent in Turkish and English, with excellent communication and problem-solving skills. Eager to continuously learn and implement emerging technologies to solve real-world challenges.

EDUCATION

Patika+ 8 Month Full Stack Web Development Bootcamp   **Graduation year: 2024**

- Graduated from an intensive 8-month bootcamp, selected from a highly competitive pool of applicants.
- Gained comprehensive expertise in Java, Spring Boot, React, HTML, CSS, JavaScript, SQL, and PostgreSQL.
- Developed several full stack projects, including a Library Management System, Tourism Agency System, and Veterinary Management System.

Yıldız Technical University, Istanbul, Turkey   **Graduation year: 2022**

- Bachelor of Science in Civil Engineering, GPA: 3.29/4.0.
- Courses included advanced problem-solving techniques and project management.

PROFESSIONAL EXPERIENCE

Yapıray Railway Construction Systems Industry & Trade Inc., Istanbul, Turkey   **November 2022-January 2024**

Technical Office Engineer

- Managed and optimized budgets, work programs, and progress payments for national and international projects.
- Prepared detailed bills of quantities and submitted accurate reports to project management.
- Leveraged advanced project management tools such as Microsoft Project and Excel to enhance project efficiency.
- Collaborated with cross-functional teams to deliver projects on time and within budget.

PROJECTS

Veterinary Management System   **July 2024**

GitHub: Veterinary Management System

- Developed a RESTful API for managing veterinary operations, such as doctors, animals, vaccines, and appointments.
- Implemented complex entity relationships and CRUD operations using Spring Boot, Spring Data JPA, PostgreSQL, Lombok, and ModelMapper.

Tourism Agency System   **June 2024**

GitHub: Tourism Agency System

- Automated hotel room reservations with dynamic pricing and real-time updates using Java, JDBC, and PostgreSQL.
- Designed and implemented user role-based access (Admin and Staff) through Java Swing UI.

CERTIFICATIONS & COURSES

Spring Boot Unit Testing with JUnit, Mockito, and MockMvc – Certificate: Udemy	October 2024
Spring Boot 3, Spring 6 & Hibernate for Beginners – Certificate: Udemy	September 2024
Certificate of Patika+ Back-End Web Development Bootcamp – Certificate: Patika.dev	August 2024

SKILLS

Programming languages: Java, JavaScript, SQL
Software/frameworks: Spring Boot, HTML, CSS, Bootstrap, Tailwind CSS, React, Git, Microsoft Office
Databases: PostgreSQL, MySQL
Testing & Development: Junit, Mockito, Test Driven Development (TDD)
Languages: Turkish (Native), English (Proficient)
